#### **Indo Universal Collaboration for Engineering Education (IUCEE)**

About Indo Universal Consortium for Engineering Education (IUCEE)

IUCEE was conceptualized by over 150 leaders of engineering education and businesses from US and India in 2007. It aims to build an ecosystem for transforming engineering education in India with the assistance of engineering education experts and industry from around the world. The IUCEE College Consortium was formed in 2010 and has 91 members in 2018. The primary objective of inviting institutions to become members of the IUCEE Consortium is to assist them in improving the quality of their engineering graduates. IUCEE works with the institutional leadership and faculty to understand the strategic plan of the institution and facilitate the transformation of the process of engineering education at the institution. For this purpose, IUCEE provides access to the ecosystem nurtured over the past ten years. Annual membership fees are essential for the sustainability of IUCEE and its ability to maintain this ecosystem.

About KJSCE-IUCEE

KJSCE is a consortium member of IUCEE since December 2017 (<http://iucee.org/iucee/iucee-consortium/>). Since then KJSCE has participated in many activities to improve the quality of its engineering education. Our Institute focuses mainly on the following four cluster of IUCEE.
