**PUSH - KJSCE : People United for Students' Help**

“Education is not the problem, it is the solution. Education is not an expense, it is an investment.”  
With this common belief, teachers and some students of our college came together and extended a helping hand to the students in need of financial support. People United for Students' Help a.k.a the PUSH-KJSCE council, formed in 2013, has till date provided an aid of Rs 33.45 lacs to 54 students.

The application forms for the same are made available to the students at the start of the academic year and the candidates, along with their parents, are then interviewed. Out of the funds available with the committee, an appropriate amount, as requested by the student, is provided only after a thorough scrutinization of the candidate by the committee members.

The funds imbursed to the candidates are generated by benign donations of college faculty, staff, alumni and other significant donors. The various tasks involved in the process are executed by the PUSH students' body under the supervision of PUSH committee members.

To further benefit the students, an interactive session on Placement Grooming was organized this year, whereas to increase our reach, promote the just cause of helping our peers and to connect better with students, a stall was set up during the cultural festival of our college.  
PUSH - KJSCE wishes to grow with each passing year and spread the rays of hope in the lives of young minds hindered by financial obstacles.

“To no obstacle shall you heed, for we'd give the PUSH you need.”
