## **The definitions of the key terms used in Credit Based Semester and Grading System introduced from the academic calendar 2013-14.**

### **Program :**

A program is a set of courses that are linked together in an academically meaningful way and generally ends with the awards of a Certificate or Diploma or Degree depending on the level of knowledge attained and the total duration of study.

### **Course :**

A 'Course' corresponds to the word 'subject' used in many universities. A course is essentially a constituent of a 'program' and may be conceived of as a composite of several learning topics taken from a certain knowledge domain, at a certain level. All the learning topics included in a course must necessarily have academic coherence, that is, there must be a common thread linking the various components of a course. A number of linked courses considered together are in practice, a 'program'.

### **Module and Unit :**

A course which is generally an independent entity having its own separate identity, is also often referred to as a 'Module' in today's parlance, especially when we refer to a 'modular curricular structure'. A module may be studied in conjunction with other learning modules or studied independently. A topic within a course is treated as a Unit.

### **Credit Points :**

Credit Point refers to the 'Workload' of a learner and is an index of the number of learning hours deemed for a certain segment of learning. These learning hours may include a variety of learning activities like reading, reflecting, discussing, attending lectures / counselling sessions, watching especially prepared videos, writing assignments, preparing for examinations, etc. Credits assigned for a single course always pay attention to how many hours it would take for a learner to complete a single course successfully. A single course should have, by and large a course may be assigned anywhere between 2 to 8 credit points where 1 credit is construed as corresponding to approximately 30 to 40 learning hours.

### **Credit completion and Credit accumulation :**

Credit completion or Credit acquisition shall be considered to take place after the learner has successfully cleared all the evaluation criteria with respect to a single course. Thus, a learner who successfully completes a 4 CP(Credit Point) course may be considered to have collected or acquired 4 credits. His level of performance above the minimum prescribed level (viz. grades / marks obtained) has no bearing on the number of credits collected or acquired. A learner keeps on adding more and more

credits as he completes successfully more and more courses. Thus the learner 'accumulates' Course wise credits.

For P.G. Faculty, without practicals a total of 80 credits i.e. 20 credits per semester, while for faculties with practicals 96 credits for 4 semesters i.e.24 credits per semester (4 credits for theory, 2 credits for practical per course per semester)

For U.G courses with carry 120 credits for 6 semesters. (4 Credits Per course per semester ie.  $4 \times 5 \times 6 = 120$ )

### **Performance Grading :**

The PERFORMANCE GRADING of the learners shall be on the SEVEN point ranking system as under :

<b>Grade</b>	<b>Marks</b>	<b>Grade Points</b>
O	70 & above	7
A	60 to 69.99	6
B	55 to 59.99	5
C	50 to 54.99	4
D	45 to 49.99	3
E	40 to 44.99	2
F (Fail)	39.99 & below	1

The performance grading shall be based on the aggregate performance of Internal Assessment and Semester End Examination.

### **Rules for Allowed to keep Terms (ATKT) :**

a. A learner shall be allowed to keep term for Semester II irrespective of number of head of failure in the Semester I.

b. A learner shall be allowed to keep term for Semester III if he/she passes each of Semester I and Semester II

OR

A learner who fails in not more than two courses of Semester I and Semester II taken together.

c. A learner shall be allowed to keep term for Semester IV irrespective of number of heads of failure in Semester III. However, the learner shall pass each course of Semester I and Semester II in order to appear for Semester IV.

d. A learner shall be allowed to keep term for Semester V if he/she passes Semester I, Semester II, Semester III and Semester IV

OR

A learner shall pass Semester I and Semester II and fails in not more than two courses of Semester III and Semester IV taken together.

e. A learner shall be allowed to keep term for Semester VI irrespective of number of heads of failure in the Semester V. However, the learner shall pass each course of Semester III and Semester IV in order to appear for Semester VI.

f. The result of Semester VI shall be kept in abeyance until the learner passes each of Semester I, Semester II, Semester III, Semester IV and Semester V.

### **INTERNAL ASSESSMENT :**

Eligibility norms to appear for the additional class test or assignment or project for learners who remained absent :

a. The learner must apply to the Head of the Institution giving the reason(s) for absence within 8 days of the conduct of the examination alongwith the necessary documents and testimonials.

b. If the learner is absent for participation in Inter Collegiate events, State or National or International level events, Training camp or coaching camp organized by authorized university or state or national or international bodies, NSS / NCC Events / Camps / cultural activities / sports activities / research festival or any other activities authenticated by the head of the institution, the head of the Institution shall generally grant permission to the learner to appear for the additional class test or assignment.

c. The Head of the Institution, on scrutiny of the documents and testimonials, may grant the permission to the learner to appear for the additional examination.

### **Class test or assignment for Internal Assessment**

a. A learner who is absent for the class test and for all the assignment/s will be declared all in the Internal Assessment Scheme.

b. A learner who is absent for the class test and has appeared for all the assignment/s will be allowed to appear for the additional class test of 10 marks.

c. A learner who has appeared for the class test but remains absent for all the assignment/s will be allowed to appear for only one additional assignment out of 10 marks. The student will forfeit 10 marks of one assignment and the internal assessment will be calculated as out of 40 marks.

d. A learners who is absent for the class test or one assignment as the case may be the learner will be allowed to appear for the additional class test/assignment and the internal assessment will be calculated as out of 40 marks.

### **Class test or assignment for Internal Assessment for Courses with practical :**

a. A learner who is absent for the Semester End Practical Examination and the assignment /project will be declared fail in the Internal Assessment Scheme.

b. A learner who is absent for the Semester End Practical Examination and has appeared for the assignment will be awarded marks for the Journal (out of 5 marks) & viva (out of 5 marks) component of the Semester End Examination. Thus he will be evaluated for 10 marks instead of 20 marks and will lose the 10 marks for the Laboratory work. However, his marks for the Semester End Practical Examination will be taken as out of 20 (without conversion i.e. if the learner gets 4/10 marks in for Journal & Viva, his/her marks for the Semester End Practical Examination will be

taken as 4/20) and internal assessment will be calculated as out of 40 marks and not 30 marks.

The Additional Class (or viva examination) or Assignment must be conducted 15 days prior to the commencement of the Semester End Examination after following the necessary procedure and completing the formalities.

**Mode of Conduct of Semester End Additional Examination :**

- a) There will be one additional examination for semester I, II, III and IV for those who have failed or remained absent.
- b) The absent learner will be allowed to appear for the examination by the head of the institution after following the necessary formalities subject to the reasons to the satisfaction of the head of the institution.
- c) This examination will be held 20 days after the declaration of results but not later than 40 days.

**Project Evaluation (If Applicable)**

1. A learner who PASSES IN ALL THE COURSES BUT DOES NOT secure minimum grade of E in project as applicable has to resubmit a fresh project till he/she secures a minimum of grade E.
2. The credits and grade points secured by him/her in the other courses will be carried forward and he/she shall be entitled for grade obtained by them on passing of all the courses.
3. The evaluation of project and viva/voce examination shall be done by marks only and then it will be converted into grade in the seven point scale and award the same to the learner.
4. A learner shall have to obtain minimum of grade E (or its equivalent marks) in project evaluation and viva/voce taken together to obtain 40% marks in project work.
