

## **About Mohan T Advani Centennial Scholarships by Blue Star Foundation**

1. The objective of the Mohan T Advani Centennial Scholarships programme is to support economically challenged but academically deserving, undergraduate students to pursue a professional degree to their liking and capability, and prepare them in a holistic manner for future work life.
2. The scholarship shall be provided to meet part of the tuition fees of undergraduate engineering students studying in recognised, Govt. un-aided colleges. These are available for students who have opted for Mechanical (Production)/ Electrical/ Electronics Engineering. The students shall be accountable to furnish the balance fees to ensure a sizeable stake and commitment from the student's side towards completing the course.
3. The students will be supported as stated earlier throughout the course, subject to the fulfillment of the set criteria of academic performance, each year.
4. Blue Star Foundation shall endeavour to support the students in a holistic manner vide mentorship as well as internship opportunities.
5. It is pertinent that the students should not be beneficiaries of any other scholarship offered by or independent of the college he/she is studying in.
6. The deserving students will be screened by the college and the final selection shall be done by a Board comprising the Trustees of Blue Star Foundation and HR personnel of Blue Star Limited.
7. The scholarship is open to students purely on the merit of their academic and economic background, irrespective of their religion, community, caste or linguistic background.
8. Blue Star shall endeavour to absorb the students after they pass out from the 4<sup>th</sup> year, based on the merit of the student and a suitable position available in the organization for him/her. This job opportunity, if offered, shall be completely voluntary for the students to accept. Thus, the scholarship programme aims to help meritorious and needy students - both academically and professionally, thereby transforming their lives significantly.

### **About Blue Star Foundation**

Blue Star Foundation established in 1982, is a registered Trust of Blue Star Limited.

The objects of the Trust are stated under four heads; namely, Education, Medical Help, Relief of Poverty and Other objects of general public welfare and utility including help to poor, needy, women, children, senior citizens, disabled and mentally disturbed individuals from rural and urban areas, environmental causes, etc. through various NGOs / NPOs who are engaged in such humanitarian causes.

The Foundation's activities are spread all over the country, and donations are given to welfare institutions located in India only. No donations are given to individuals and all payments are made through cheques and not in cash or kind.
